Trial details	Location of research	Link to further details
The OSTEOPATHIC Trial: The OSTEOPATHic Health Outcomes In Chronic Low Back Pain Trial. Principal Investigator: Professor John Licciardone	The Osteopathic Research centre, Fort Worth, Texas, United States, 76107	http://www.clinicaltrials.gov/ct2/show/NCT00315120?term=osteopathy&rank=29
Effect of OMT on Asthma Symptoms in Southwest Virginia. Principal Investigator: Macy L Latter	Virginia College of Osteopathic Medicine, Virginia, United States, 24060	http://www.clinicaltrials.gov/ct2/show/NCT00545376?term=osteopathy&rank=39
Fractures in the elderly population of El Salvador at hospital Zacamil: Exploring knowledge, causes, risk factors, and outcomes. Research sponsored by Virginia College of Osteopathic Medicine. Principal Investigator: Melissa Martinek DO.	Hospital Zacamil, San Salvador, El Salvador,	http://www.clinicaltrials.gov/ct2/show/NCT00625599?term=osteopathy&rank=40
Correlation of somatic dysfunction with gastrointestinal endoscopic findings. Principal Investigator: RP Schneider DO.	Kirksville College of Osteopathic Medicine, Family Practice Clinic, Kirksville, Missouri, United States, 63501	http://www.clinicaltrials.gov/ct2/show/NCT01394198?term=osteopathy&rank=33
Osteopathic Manual Medicine Treatment in Autism (OMMA). Principal Investigator: Wolfgang Gilliar DO.	New York College of Osteopathic Medicine of New York Institute of Technology	http://www.clinicaltrials.gov/ct2/show/NCT01676389?term=osteopathy&rank=34
Will the Use of Osteopathic Manipulative Treatments on Patients With Headache in the Emergency Department Result in Decreased Pain on 100 Point Pain Scale?	Good Samaritan Hospital Medical Centre, West Islip, New York, United States, 11795	http://www.clinicaltrials.gov/ct2/show/NCT01704625?term=osteopathy&rank=41

Principal Investigator: Genevieve McGerald DO.		
The effect of somatic dysfunction of the pelvis, sacrum and lower spine on weight bearing. Principal Investigator: AM Kusienski DO.	Nova Southeastern University College of Osteopathic Medicine, Fort Lauderdale, Florida, United States, 33328.	http://www.clinicaltrials.gov/ct2/show/NCT01097109?term=osteopathy&rank=47
Telephone-Delivered Coping Improvement Intervention for HIV Infected Older Adults. Study chair: Rebecca Cale	Ohio University College of Osteopathic Medicine, Athems, Ohio, United States, 45701	http://www.clinicaltrials.gov/ct2/show/NCT00365690?term=osteopathy&rank=55
Association of Biomechanical Changes and Weight Gain Throughout Pregnancy. Principal Investigator: Natalie Wessel	Nova Southeastern University Ob?Gyan Clinic, Fort Lauderdale, Florida, United States, 33314	http://www.clinicaltrials.gov/ct2/show/NCT01315860?term=osteopathy&rank=59
Preventative osteopathic treatment in nursing home patients. Principal Investigator: KT Sneider DO. Sponsor: A.T. Still University of Health Sciences	Twin Pines s Adult Care Centre, Kirksville, Missouri, United States, 63501	http://www.clinicaltrials.gov/ct2/show/NCT01000142?term=osteopathy&rank=60
The Use of Myofascial Release in Lumbopelvic Pain. Principal Investigator: Corey R Babb.	Oklahoma State University College of Osteopathic Medicine, Tulsa, Oklahoma, United States, 74107	http://www.clinicaltrials.gov/ct2/show/NCT00410397?term=osteopathy&rank=23
Effects of Vitamin Supplementation and Strength Training in Parkinson's Disease.	New York Institute of Technology, New York College of Osteopathic Medicine, Old Westbury, New York,	http://www.clinicaltrials.gov/ct2/show/NCT01238926?term=osteopathy&rank=24

Principal Investigators: WG Werner and J Donoghue	United States, 11568	
Osteopathic manipulative medicine and kinetics. Responsible person: Tamara Reid Bush.	Michigan State University, East Lansing, Michigan, United States, 48824	http://www.clinicaltrials.gov/ct2/show/NCT01376687?term=osteopathy&rank=30
Efficacy of osteopathic manipulation in chronic obstructive pulmonary disease. Principal Investigator: DR Noll.	Kirksville College of Osteopathic Medicine, Kirksville, Missouri, United States, 63501.	http://www.clinicaltrials.gov/ct2/show/NCT00034112?term=osteopathy&rank=31
Impact of an Osteopathic Manipulative Treatment on Pain of Adult Patients With Cystic Fibrosis - a Pilot Study. Study Chair: Dominique Hubert MD. Sponsor: Assistance Publique, Hôpitaux de Paris.	Cochin Hospital, Paris, France, 75014	http://www.clinicaltrials.gov/ct2/show/NCT01293019?term=osteopathy&rank=1
Comparative Evaluation of Osteopathy Treatment Efficacy in Pain Support After Breast Surgery in Oncology. Principal Investigator: Gisèle Chvetzoff MD. Sponsor Centre Leon Berard	Centre Leon Berard, Lyon, Cedex o8, France, 69373	http://www.clinicaltrials.gov/ct2/show/NCT01403168?term=osteopathy&rank=4
Effect of osteopathy on pulmonary function in patients after coronary artery bypass graft surgery (OSTinCARE): a randomised controlled trial. Principal Investigator: Gert Roncada DO.	Cardiac rehabilitation centre, Jessa Hospital, Hasselt, Limburg, Blegium, 3500.	http://www.clinicaltrials.gov/ct2/show/NCT01714791?term=osteopathy&rank=2

Osteopathic treatment may improve exercise capacity in patients with chronic obstructive pulmonary disease (COPD). Principal Investigator: Ercole Zanotti MD.	Fondazione Salvatore Maugeri Montescano, Pavia, Italy, 27040	http://www.clinicaltrials.gov/ct2/show/NCT00637299?term=osteopathy&rank=3
Effect of Complementary and Alternative Medical Methods on the Post Operative Recovery Following Cardio-thoracic Surgery- a Pragmatic, Randomized, Single Blinded, Placebo Controlled Study. Principal Investigator: Menachem Oberbaum MD	Department of Cardiothoracic Surgery, Shaare Zedek Medical Centre, Jerusalem, Israel, 91031.	http://www.clinicaltrials.gov/ct2/show/NCT01650363?term=osteopathy&rank=7
A pilot project to study the effect of four osteopathic treatments on trunk muscle firing patterns and temporospatial parameters of gait in persons with chronic low back pain. Principal Investigator: Mary Lynch MD	CDHA Pain Management Unit, Halifax, Nova Scotia, Canada, B3H 2Y9	http://www.clinicaltrials.gov/ct2/show/NCT00883987?term=osteopathy&rank=9
Osteopathy and obstructive sleep apnoea syndrome. Principal Investigator: Valerie Attali, MD.	Pathologies Du Sommeil Pitie Salpetriere, Paris, France, 75013	http://www.clinicaltrials.gov/ct2/show/NCT01193738?term=osteopathy&rank=10
Effectiveness Of Osteopathic Manipulative Treatment In Neonatal Intensive Care Units: A Multicenter Randomized Clinical Trial.	Monza Hospital, Lombardia, Italy, 20052; Macerata Hospital, Macerata, Marche, Italy, 62100; Pescara Hospital, Pescara, Italy,	http://www.clinicaltrials.gov/ct2/show/NCT01645137?term=osteopathy&rank=13

Principal Investigator: Francesco	65121	
Cerriteli DO. The Effectiveness of Diagnosis and Treatment of Thoracic Outlet Syndrome.	Nova Southeastern University, Davie, Florida, United States, 33314	http://www.clinicaltrials.gov/ct2/show/NCT01342068?term=osteopathy&rank=14
Principal Investigator: Yasmin Qureshi		
Osteopathic Manipulative Treatment (OMT) as Possible Prophylaxis Against Post- Operative Nausea and Vomiting (PONV) in Patients Receiving Inhalational Anesthesia. Principal Investigator: HH King DO.	University of North Texas Health Science Centre, Texas, United States, 76107	http://www.clinicaltrials.gov/ct2/show/NCT00387361?term=osteopathy&rank=15
The effect of osteopathic manual therapy on the vascular supply to the lower extremity, function and symptoms of subjects with knee osteoarthritis. Principal Investigator: WM Jardine	Capital District Health Authority, Halifax, Nova Scotia, Canada, B3H 1V7.	http://www.clinicaltrials.gov/ct2/show/NCT01020591?term=osteopathy&rank=20
Newborn cranial somatic dysfunction – an observational study. Principal Investigator: Erica Waddington DO	AT Still/Northeast Regional Medical centre, Kirksville, Missouri, United States, 63501	http://www.clinicaltrials.gov/ct2/show/NCT01496872?term=osteopathy&rank=19
Exploratory clinical trial on the efficacy and safety of osteopathy in the treatment of migraine. Principal Investigator: Not stated. Sponsor: Maresme Health Consortium	Spain.	https://www.clinicaltrialsregister.eu/ctr-search/trial/2009-017041-58/ES

The effect of spinal manipulation	Spain	http://www.anzctr.org.au/trial_view.aspx?ID=347633
on respiratory function in		
smokers.		
Principal Investigator: Aitor Bano		
Alcaraz		
Changes in the value of	Spain	http://www.anzctr.org.au/trial_view.aspx?ID=347632
craniovertebral angle pre-post		
intervention after the		
implementation of the bilateral		
thumb-move technique compared		
with placebo in cyclists with		
forward head position.		
Principal Investigator: Juan Pedro		
Badt Abad		
The effect of visceral manipulation	Spain	http://www.anzctr.org.au/trial_view.aspx?ID=347579
on respiratory function in		
smokers.		
Principal Investigator: Aitor Bano		
Alcaraz		
In peri-menopausal women with	RMIT University	http://www.anzctr.org.au/trial_view.aspx?ID=343102
depression, is osteopathic	PO Box 71, Bundoora, Victoria,	
manipulative treatment combined	3083, Australia	
with counselling better than		
counselling alone in reducing		
symptoms of depression?		
Principal Investigator: Not stated.		
Sponsor: RMIT University.
